

**BSc Honours Accounting and Business Management**  
**Suruthelaya Subramaniyam**

The course is really interesting and I'm finding facilities such as the IT lab, library and online resources very useful. My lecturers and seminar tutors are extremely helpful in assisting me with the core modules.

## Accounting and Business Management BSc Honours

This course has been designed to provide a detailed knowledge of the conceptual and applied aspects of accounting, and the broader business environment. It will give you the key financial and accounting skills employers are looking for, together with the IT expertise to use a wide range of business software.

After graduation your skills and knowledge in accounting and business management will open up a range of job opportunities, including financial or management accountancy and equity analysis. Opportunities are available for careers in both private and public sectors, and the course will also help your progression to professional qualifications, with exemptions available from CIMA and ACCA professional exams. Alternatively, many graduates undertake further study, proceeding to a Masters degree in accounting or finance.

### Course content

The course offers considerable flexibility in the areas in which you might choose to specialise. There is an emphasis on international developments in business management and finance, and an opportunity to study a foreign language at each credit level.

### Year 1 (Credit Level 4)

Subjects of study include: Accounting and Finance • Data Analysis • Economics • ICT • Interpersonal Skills • The Theory and Practice of Business • plus option modules available in a range of areas, including Corporate Governance

### Year 2 (Credit Level 5)

Subjects of study include: Business Law • Decision Making • Financial Accounting • Management Accounting • Marketing • Operations Management • Organisational Behaviour • plus option modules in these and other disciplines

### Sandwich placement/Study Abroad year (see p82)

Between Year 2 and Year 3 (Credit Levels 5 and 6) you can undertake a one-year, full-time, paid business placement. Alternatively, you could study abroad during this year at one of our partner institutions. Please note that opting for either the placement or Study Abroad year will extend the course for an additional year. Successful completion of either the sandwich placement or Study Abroad year is recognised with the award of a University Certificate of Achievement.

### Year 3 (Credit Level 6)

Subjects of study include: Advanced Management and Financial Accounting • Business Strategy • Corporate Finance • Management • plus a range of specialist modules in accounting and options in other disciplines

### Length of course

Three-year, full-time; four-year, full-time sandwich

### UCAS code

NN42

### Location

Central London (Marylebone)

### Teaching and assessment

The course uses a variety of teaching methods, from large lectures to small group seminars which emphasise participation and self-directed learning. These are complemented and supported by online resources provided via Blackboard, our online learning environment. There are regular contributions from external experts and practitioners. Assessment is based on a combination of course work or other in-course assignments, and end-of-module exams.

### Typical offer for September 2009

Qualification type	Grade/points
A Levels	BBB
International Baccalaureate	26 points
BTEC National Diploma	DMM
